

HIGH SEASON 2019

Monday 20th May - Sunday 22nd September

At weekends the afternoon public swim is split into 2 sessions 13:00 – 15:00 and 15:00 – 17:00

CUSTOMER INFORMATION

- On busy days there may be queues for public sessions, once we reach capacity, customers are admitted on a one-out, one-in basis.
- All sessions finish 10 minutes before the advertised start time of the next session, so the pool and surrounding area can be cleared.
- All customers will be required to leave the pool, but they are welcome to re-enter (in turn) for the next eligible session, subject to sufficient capacity.
- Non season ticket holders would have to pay again.
- The pool may run additional activities alongside the advertised sessions. This may affect the number of lanes or space available during your session.
- Whilst we endeavour to maintain a consistent water temperature of 28°C/82°F, sometimes our ability to do so is affected by conditions out of our control. We will update the pool homepage if the temperature drops below 26°C.
